

To keep our community members and riders safe,
here's what to know about

TOY VEHICLES & BEYOND!

Mini-bikes are NOT AUTHORIZED for use on public routes. They do not meet the specifications for vehicles that can **SAFELY** operate on public roads or paths.

You can **ONLY** ride these on your private property.

IF it has a VIN, it is considered a vehicle, must be registered, and is subject to state vehicle laws. You have to have a driver's license and insurance to drive it.

FOCUS ON SAFETY FOR ALL
and stick to the rules of the road.

E-bikes have WORKING PEDALS, and are different than mini-bikes, toy vehicles, low-powered scooters, or motorcycles.
